

# Carlos Muñoz Guimerà

## Fullstack developer

### about

I love to be creative. As a graphic designer I learned how to communicate with images and feelings. During that process I discovered the programming world and I felt in love. That is why I came to Ironhack to know more about this world. Now I want to be part of a great team to keep learning and improving myself.

### skills

#### Code

React  
Javascript  
Node  
Express  
MongoDB

#### Design

InDesign  
Illustrator  
Photoshop  
Wordpress  
HTML & CSS

#### Personal

Pair programming  
Persistence  
Easily Adaptable  
Teamwork  
Thoughtful

### languages
